

Pressure Diagnostics – Hole Size Ratios

For determining the ratio of the hole size in the ceiling compared to the amount of opening in the roof. Must add your eyes to it. Estimate the amount of opening from the attic to outside.

Zone Pressures

House - Zone	Zone - Outside
12	38
25	25
37	13
41	9
45	5
48	2
49	1

Relative Size of the Holes

House - Zone	Zone - Outside
2	1
1	1
1/2	1
1/3	1
1/4	1
1/8	1
1/13	1
