

TERRY EMELANDER – MiTEC WEATHERIZATION TECHNICAL INSTRUCTOR

Terry Emelander is a Weatherization Technical Instructor for the Michigan Training & Education Center (MiTEC). Terry comes to MiTEC with more than a decade of experience in Michigan's Weatherization Assistance Program. He began his WAP experience as a Retrofit Installer, moving on to Crew Leader, and into the role of Housing Specialist at a MI Community Action Agency. Terry has worked on hundreds of Michigan homes and brings to MiTEC experience in all types of housing stock, along with a passion for building science. Terry is a BPI certified QCI, Energy Auditor, and Building Analyst, in addition to a qualified Proctor.
