

GARY WARSECKE – MiTEC WEATHERIZATION TECHNICAL INSTRUCTOR

Gary Warsecke is a Weatherization Technical Instructor with the Michigan Training & Education Center (MiTEC). Gary comes to MiTEC with over 15 years of experience in Michigan's Weatherization Assistance Program; from Retrofit Installer, business owner, to Associate Director of Weatherization at a Michigan Community Action Agency. Gary is a BPI certified QCI, Energy Auditor, Building Analyst, Building Envelope Professional, and qualified Proctor. His background and experience provide in-depth insight into the various housing stock found in Michigan.
