

TOM ANDREWS – MiTEC DEPUTY DIRECTOR

Tom Andrews is Deputy Director and an Instructor for the Michigan Training & Education Center (MiTEC). Tom brings over 30 years of experience in the HVAC and Weatherization Training fields to his position. Tom's strategies and expertise help to shape innovative training programs in both the classroom and out in the field on combustion appliance issues, building health and safety, and energy conservation. He holds an HVAC license, among numerous other trade certifications and recognitions.
